

**President of Chinese People's Association for Friendship with Foreign Countries,
Excellency Mr. LIN SONGTIAN**

Firstly, I would like to extend my gratitude for successfully held 11th joint conference of mutual friendship associations of Iran and China.

As you have been informed through reports and media, Dr. Mohsen Fakhrizadeh - a high rank Iranian nuclear and defense scientist- was killed in an act of terror.

Considering previous history of Israeli regime in assassination of the Iranian nuclear scientists and their previous official and open remarks about their intention to terror Dr. Mohsen Fakhrizadeh, it is now certain that this blind mission is arranged by Israeli regime and their support of US government.

It is expected from the independent and peaceful government of People's Republic of China, the Chinese intellectuals and elites to react and condemn this terror attack of Israeli regime backed by US government.

I want to take this opportunity to remind the necessity to strengthen the binds between the two countries in all areas.

Sincerely Yours,

**Ahad Mohammadi
Chairman
Iran-China Friendship Association**
